

把根基立在磐石上

馬太福音 7:24-25 「所以，凡聽見我這話就去行的，好比一個聰明人，把房子蓋在磐石上；雨淋，水沖，風吹，撞著那房子，房子總不倒塌，因為根基立在磐石上。」

設定明確的教養目標

Begin with the End in Mind” - Stephen Covey

Children are the living messages we send to a time we will not see.” - Neil Postman

看重全方位的建造

詩篇 127:3-4 「兒女是耶和華所賜的產業；所懷的胎是他所給的賞賜。少年時所生的兒女好像勇士手中的箭。箭袋充滿的人便為有福；他們在城門口和仇敵說話的時候，必不至於羞愧」

Your child's character -

- Teach them God's ways as opposed to their own selfish ways.
- They will choose God as their authority when they fly from you to the adventure God has ahead and
- They can be strong and wise as they enter this world of enormous uncertainty

Your child's relationships- Families are the best place where parents have 18 years to teach and train your child(ren) to learn about relationships and resolve conflicts.

- Everyone needs the strength, comfort, encouragement, resources, and power provided by God and others.

A child's identity - Help your child(ren) understand

- What makes them different from other people - personality, interests, abilities,
- Learn how it means to be male or female
- How to hold on to God's design in a world that is trying to redefine the essence of gender identity.
- Help them understand their spiritual identity - “what does it mean to be made in the image of God, to be valuable in His sight?” “ How can we have a relationship with Him?”

Mission - a vision, a purpose, a driving passion or calling that provides meaning and impact on his or her life.

約翰三書 1:4 「我聽見我的兒女們按真理而行，我的喜樂就沒有比這個大的。」

把握教養孩子的四個階段 - 依附關係 vs 獨立自主

管教期 (從出生到五歲)

訓練期 (五歲到十二歲)

指導期 (十二歲到十八歲)

友誼期 (十八歲以後)

What Every Child Needs

- A personal relationship with Christ.- passing on a living faith to your child your number one responsibility as a parent
- Parents are relating to one another, work together as a team, praying together
- Parents who don't freak out when
- A secure home - One of the biggest keys to your kids feeling safe at home is building a strong marriage. Keep your commitment. Work on your marriage.
- A home led by parents intentionally and purposely - The parents are supposed to be in charge, not the kids with consistent discipline, boundaries and standards.
